

October 25, 2026

Good evening U-High Families,

I know many of our families had busy weekends with extracurriculars, and I hope you were able to also have some time to relax. Here is important information this week:

- We have a [Schedule E](#) on **Friday**. Our faculty will be meeting in their Professional Learning Communities and then we will meet to work on our student interventions.
- If your student participated in the **PSAT/NMSQT**, they should have received an email on Tuesday, 10/22, informing them that their **scores are now available**. Scores can be accessed through the BigFuture app or by logging into their College Board account. Please email Dr. Hany (knhany@ilstu.edu) with any questions.
- **AP Exam Registration is open!** If your student is taking an AP course or plans to take AP exams in May, [please use this link to register by the October 30 deadline](#). Questions or concerns can be directed to Shannon Maney-Magnuson at sjmaney@ilstu.edu.
- I've been thinking a lot about this past week. As a high school, we have a lot of **rumors** that go around on a regular basis, as every high school does. We take matters of **student safety very seriously**. I am **so proud** of our students and families that made us aware of rumors, as all safety rumors **need to be investigated** by proper authorities. We knew many families and students had heard rumors, and shared that there was no credible threat via email, as we did not have an emergency situation. This is our **normal process**. Students will never be disciplined for something that did not occur, and we will always investigate every rumor thoroughly to make sure our students are safe.

Please let me know if you have any questions. I hope everyone has a great week!

Best regards,

Andrea Markert

Principal

University High School
